

# Legacy™ SWEET

A complete assortment of natural sweetener systems, including sugar replacers and sugar reducers, adaptable to all products. The unique and most beneficial part about the Legacy™ SWEET line is the products may be easily converted into a custom system made solely for your products.

## Unique to the industry, we offer:

- ▶ Lower delivery costs with combined shipments
- ▶ Warehouses across the country
- ▶ No minimum order
- ▶ GFSI certification
- ▶ Delivery within 24 hours
- ▶ On-site technical support

Develop | Manufacture | Supply

### SUGAR REPLACEMENT SYSTEMS

One-to-one replacement options using high intensity sweeteners which provide a clean label, reduced or zero calorie option.

Legacy™ SWEET SP 9706  
Legacy™ SWEET SP 9708  
Legacy™ SWEET SP 9710

### SUCRALOSE

Zero calorie product that is flexible with a flavor profile similar to sugar. Available in liquid and dry blends.

Legacy™ SWEET Sucralose 9908  
Legacy™ SWEET Sucralose 9975

### SUGAR REDUCTION SYSTEMS

Clean label and less calories, all while still using the functionality of sugar.

Legacy™ SWEET SR Plus 9522  
Legacy™ SWEET Sugar Plus 9525

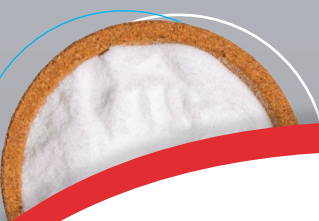

### CUSTOM SWEETENER SYSTEMS

IFPC's IT&A\* team are experts specializing in creating sweetener systems that harmonize flavors and texturizers, developing the most appealing taste for individual applications.
